NATION AND WORLD HONOR ABLE LINCOLN

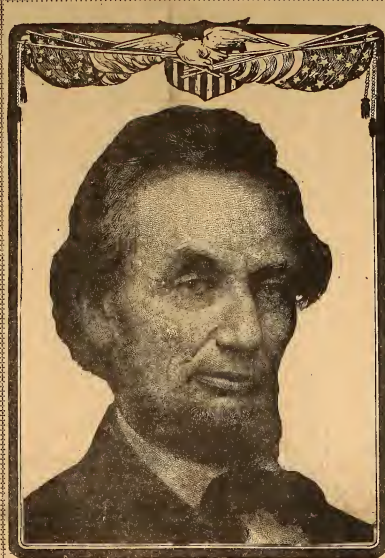

Centenary of Martyred President's Birth Will Be Gener- ally Observed Here
ROOSEVELT TO DELIVER ADDRESS AT NIGHTPLACE
Cabin in Which Great American First Saw Light Has Been Restored.

HOUSTONVILLE, Ky., Feb. 12.—The centenary of Abraham Lincoln's birth will be observed generally throughout the United States, but nowhere will the observance be more complete than here, for it was here on Feb. 12, 1809, that the nation's greatest leader was born. The Lincoln home here, on Lincoln farm, where he was reared by his parents, has been completely restored to its original condition, and is now open to the public. The house is a small, one-story building, now known as the Lincoln home, and is located on the corner of Lincoln and Main streets. LABOR LEADERS IN HOSTILE ATTITUDE

Sharp Criticism of Present Immigration Laws Features of Thursday's Conference
HEAD OF MOLDAISES IN SEVERE IN HIS REMARKS
Commissioner Neill Backs Up Statement, and Does Not Fear the Result.

WASHINGTON, Feb. 11.—At the conference of labor leaders held here by Secretary Baker of the department of commerce and labor, the immigration laws were the subject of much discussion. The labor leaders, including President Brown of the American Federation of Labor, were in a hostile attitude towards the present immigration laws. LINCOLN'S GETTYSBURG ADDRESS

Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we cannot dedicate—we cannot consecrate—we cannot hallow—this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we are here highly resolve that those dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.

S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contaminated Blood Poisons because it is prepared entirely from the blood purifying and blood-cleansing roots, herbs and bark-layers directly from the natural growth of the land. It does not contain the least portion of strong mineral, ingredients, and it is the only blood purifier that cleanses the blood. No impurities, either are allowed the use of S. S. S. such as elements, tinctures, dyes, poisons, mineral ingredients, etc. It is so often the case where other medicines are used, by the use of which the blood is made impure, and the body is made unclean. S. S. S. does not merely cleanse the blood, but it also cleanses the system, and purifies the circulation, and drives out every trace of disease and restores the body to its normal condition. S. S. S. is not a cure for the disease, but it is a cure for the disease, and it is so thoroughly good that it removes the cause that no signs of the trouble ever return. S. S. S. is the most and most successful remedy for Contaminated Blood Poisons. Home Treatment Book with valuable suggestions and information, and any medical advice free from the writer.
